Materials and Resources

Credit	Product Details	LEED Contribution																				
<p><b>MR Credit 1.2: Building Reuse (Future use)</b> Use existing interior nonstructural elements (e.g., interior walls, doors, floor coverings and ceiling systems) in at least 50% (by area) of the completed building, including additions. If the project includes an addition with square footage more than 2 times the square footage of the existing building, this credit is not applicable.</p>	Product can be removed and reused.	May contribute to future project.																				
<p><b>MR Credit 2: Construction Waste Management (Future use)</b> Recycle and/or salvage at least 50% by weight or volume of construction, demolition, and land clearing waste for 1 point; or 75% by weight for 1 additional point.</p>	Product is 100.0% recyclable.	May contribute to future project.																				
<p><b>MR Credit 3: Materials Reuse (Future use)</b> Use salvaged, refurbished or reused materials, the sum of which constitutes at least 5% for 1 point or 10% for 2 points, based on cost, of the total value of materials on the project.</p>	Product can be removed and reused.	May contribute to future project.																				
<p><b>MR Credit 4: Recycled Content*</b> Use materials with recycled content such that the sum of post-consumer recycled content plus one-half of the pre-consumer content constitutes at least 10% of the total value of the materials in the project for 1 point; or 20% of the total value for Credit 1 additional point).</p>	<table border="0"> <tr> <td><b>Total Recycled Content (by weight)</b></td> <td><b>20.0%</b></td> <td rowspan="3">Contributes \$124,400.00</td> </tr> <tr> <td>pre-consumer</td> <td>8.9%</td> </tr> <tr> <td>post-consumer</td> <td>11.1%</td> </tr> </table>	<b>Total Recycled Content (by weight)</b>	<b>20.0%</b>	Contributes \$124,400.00	pre-consumer	8.9%	post-consumer	11.1%

Indoor Environmental Quality

Credit	Product Details	LEED Contribution
<p><b>IEQ Credit 4.1: Low-Emitting Materials: Adhesives &amp; Sealants)</b> Adhesives must meet or exceed the VOC limits of South Coast Air Quality Mgmt District Rule #1168, AND all sealants used as a filler must meet or exceed Bay Area Air Quality Mgmt District Reg. 8, Rule 51.</p>	All Shaw adhesives are CRI Green Label Plus Certified.	All Shaw Adhesives are compliant.
<p><b>IEQ Credit 4.3: Low-Emitting Materials: Flooring Systems</b> All flooring systems must meet or exceed the Carpet and Rug Institute Green Label Testing Program (carpet), FloorScore, GREENGUARD or equivalent (hard surface), based on California</p>	<p>Product is CRI Green Label Plus Certified.</p> <p>Certification number: GLP8472</p>	Contributes

1350, to achieve this credit point.

**IEQ Credit 5: Indoor Chemical and Pollutant Source Control**

Employ permanent entryway systems at least 10 feet long in the primary direction of travel to capture dirt and particulates entering the building at regularly used exterior entrances.

All Shaw walk off tiles are eligible for this credit.
